# Derrick Hudson

---

## OBJECTIVE

Attain a full time position to actualize my passion for programming as a junior software developer.

Work rigorously in a fast paced environment at a software company and continue my growth to greater benefit myself and the world.

## EDUCATION

### **Appalachian State University: Boone, NC** – *Computer Science*

August 2019 – July 2022

- Algorithms
- Data Structures
- Software Engineering

## Computer Languages

Programming	Java, C, C++, Python, C#, Haskell, Assembly, R
Web Development	HTML5, Haxe, JavaScript, CSS
Relevant Skills	OOP, Bash, Linux, Agile, Front-End, Cybersecurity, Git, SQL

## EXPERIENCE

### **STS Terraria Mod** – *Collaborator*

January 2017 – August 2018

- Worked on a two-person team interpreting 40,000 lines of an undocumented, decompiled code base of the game *Terraria*.
- Successfully completed our task goal of a multiplayer action game with a focus on reasonable scope of minimal viable product.

### **Earth Fare: Morrisville, NC** – *Bulk Grocery Manager*

August 2018 – February 2020

- Managed the schedules of employees, filled many roles.
- Placed orders for bulk grocery.
